COVID-19 Update

In response to high demand from universities and districts, Mursion is proactively addressing the COVID-19 pandemic and its effect on clinical field experiences. In as few as 2 to 3 days, educator preparation programs can launch the simulation classroom and receive support to place candidates on a path to completion that includes virtual training for practicing instructional techniques and access to a platform of over 100 videos of classroom instruction to review, tag, and share.

We are pleased to announce that an anonymous donor has agreed to underwrite 50% of Mursion to support candidates in these unprecedented times.

To support its member institutions, the American Association of Colleges for Teacher Education (AACTE) is collaborating with Mursion to provide a virtual-reality classroom with simulated students. Mursion is pleased to offer AACTE members a 10% discount. Our collective vision is to provide rigorous practice opportunities for candidates who will soon lead their own classrooms.
